Indonesia is no exception, which from time to time shows a decreasing trend of cases. The government's efforts with PPKM, accompanied by strict supervision, call for disciplined life of health protocols, and vaccine distribution for all Indonesian people, and of course the people who understand and support the program, have a positive impact on the development of the virus. Upaya pemerintah dengan PPKM dibarengi dengan pengawasan ketat, himbauan hidup disiplin protokol kesehatan serta vaksin yang massive utk seluruh masyarakat Indonesia dan sudah tentu rakyat yang paham & mendukung program tersebut, memberikan dampak yang positif terhadap berkembangnya virus.
